

It's Life Jim

But Not As We Know It

Brian Lewis with Don Stewart

*It's Life Jim But Not As We Know It gives a flavour
of what SRB Four and Five in Yorkshire and the Humber are about.*

*You don't have to be a specialist. More like a collection of stories,
this is a book to be picked up, thumbed, referred to and passed
around for an insight into schemes and projects that illustrate
key issues of regeneration.*
